A MIRROR FINISH CHARACTERIZES NEW PORCELAIN TILE FROM ANN SACKS®

PORTLAND, Ore. (May 8, 2007) – The exceptionally smooth surfaces and metallic effects of ANN SACKS Mirror tiles make them ideally suited for modern interiors — both residential and commercial.

“The Mirror collection is completely unique in the market,” says John Hart, chief merchandising officer - ANN SACKS & Kallista. “These porcelain tiles achieve their reflective surface through intense polishing alone, not through the application of chemical glazes.”

ANN SACKS Mirror tiles can be finished in two colors. *Silver Mirror* offers the effect of a mirror with a visual reference to stainless steel, while *Copper Mirror* offers the mirror effect with a visual reference to copper. Both options convey a minimalist, architectural aesthetic.

Founded in 1981, ANN SACKS has built its reputation with inspiring designs in tile, stone, plumbing, lighting and accessories. Based in Portland, Ore., the company is a division of the Kohler Co.
